<p>Leaflet Information Service (Norfolk Only)</p> <p><i>(Please note this is only available for the Norfolk area.)</i></p>	<p>The Health Information Leaflet Service (HILS) provides free, good quality health information leaflets and posters for professionals working in voluntary and statutory agencies within Norfolk. The service also distributes Healthy Start vitamins to Norfolk pharmacies. This will be changing, as Pharmacies will be able to place orders for vitamins through PharmOutcomes. Information regarding this new process will be communicated to Pharmacies in due course.</p> <p>Pharmacies can order from a wide range of health promotion materials to display and distribute. Most items also have a downloadable file so you can view the content before you order (we'll always try to keep items in stock but if for reasons beyond our control an item is unavailable, you may wish to print this file off as an alternative).</p> <p>There is also an ever-increasing range of electronic (digital) resources that can be downloaded and used to promote Public Health England campaigns, such as Change 4 Life, One You and Stay Well this Winter.</p> <p>If you work in a health or community setting you play an important role in helping people to make informed choices about their lifestyle. Printed materials such as leaflets and posters act as handy visual prompts and are a useful way to complement information given verbally.</p> <p>Displaying posters on noticeboards or in communal areas such as waiting rooms enables you to proactively promote the campaigns that are most important to your community. <p>Medicines Use Review (MUR)</p> <p>Medicines Use Reviews (MURs) are a part of the Advanced Services of the community pharmacy contract.</p>	<p>It involves the pharmacist conducting a structured review with patients about their medicines use. The aims of this service are to improve patient's knowledge, concordance and use of medicines.</p> <p>The NHSBSA administers the collection of MUR and NMS information from pharmacy contractors on behalf of NHS England. Pharmacy contractors therefore need to submit their quarterly MUR and NMS data to the NHSBSA rather than emailing the report to their local NHS England team. If a contractor normally provides MURs or NMS, but does not do so in a specific quarter, there is no requirement for the contractor to submit a 'nil-return' submission of data to the NHSBSA.</p> <p>Pharmacy contractors must submit their MUR and NMS quarterly information to the NHSBSA within 10 working days from the last day of the quarter the data refers to (last day of June, September, December and March).</p>	<p>For further information:-</p> <p>Pharmaceutical Services Negotiating Committee (PSNC):-</p> <p>http://psnc.org.uk/services-commissioning/advanced-services/murs/</p> <p>Business Services Authority (NHS BSA):-</p> <p>https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/medicines-use</p> <p>Off the Pharmacy Premises Info:-</p> <p>http://psnc.org.uk/services-commissioning/advanced-services/murs/conducting-murs-off-the-pharmacy-premises/</p>

<p>Multidisciplinary Clinical Audit - one each year.</p>	<p>Contractors must undertake a clinical audit each year, the topic of which they choose. In addition to this pharmacy-based audit they must also complete an audit on a topic that has been determined by NHS England.</p> <p>Since the introduction of the CPCF in 2005 community pharmacies have been required to carry out an annual audit where the topic of the audit was determined locally by the PCT or latterly by the local NHS England team.</p> <p>It was agreed that in 2014/15, rather than audit topics being chosen by local NHS England teams, one nationally agreed audit would be undertaken by all pharmacies on the emergency supply of medicines.</p> <p>PSNC believes this represented a good opportunity for the sector to demonstrate the importance of its work in this area and the positive impact that pharmacy emergency supplies can have in reducing the demand for urgent and emergency services such as out of hours GP care, NHS 111 and Emergency Departments. The audit may also be useful in helping pharmacies to identify patients suitable for the repeat dispensing service.</p>	<p>Information from PSNC:-</p> <p>http://psnc.org.uk/contract-it/essential-service-clinical-governance/clinical-audit/national-audit/</p>

<p>Public Health Interventions</p>	<p>Sets out opportunities for commissioners and providers to realise community pharmacy’s role in protecting and improving the nation’s health.</p> <p>Community pharmacies are a pivotal health and social care asset in the community, offering an ideal setting to reach out to the public, helping to improve their health, reduce disease burden and premature mortality and reduce health inequalities.</p>	<p>A document was published on 6th September 2017 which sets out a range of opportunities for pharmacy teams working in communities, and through their daily interactions with patients and the public, to play an important role in protecting and improving the health of the nation.</p> <p>https://www.gov.uk/government/publications/community-pharmacy-public-health-interventions</p>
<p>Quality Payment Scheme (QPS)</p>	<p>A Community Pharmacy Quality Payments Scheme, which forms part of the Community Pharmacy Contractual Framework (CPCF), was introduced from 1st December 2016 until 31st March 2018. A total of £75 million was paid to community pharmacies for meeting a number of quality criteria.</p> <p>As part of the interim arrangement for the first six months on 2018/19 it was agreed a further £37.5 million is to be invested into a six month extension of the scheme, with a June 2018 declaration. This declaration point will operate similarly to previous declarations and will continue to reward community pharmacies who successfully meet the quality criteria.</p> <p>The interim Quality Payments Scheme 2018/19 is largely similar to the Quality Payments Scheme 2017/18 except for a few minor changes, including changes to the Gateway criteria.</p>	<p>Quality Payment Scheme Info:-</p> <p>http://psnc.org.uk/services-commissioning/essential-services/quality-payments/</p>
