

YOU ARE INVITED TO THE BLMK PRIMARY CARE FESTIVAL OF LEARNING

Connect, share and learn as we journey towards the future of integrated neighbourhood working.

Come together for the first ever BLMK Primary Care Conference where we'll be exploring different ways of integrated working. At this highly interactive event you will have the opportunity to network, innovate and be inspired as we explore what integrated neighbourhood working looks like.

CONNECT

Broaden your network with Primary Care colleagues from across Bedfordshire, Luton and Milton Keynes and build relationships at Place level.

SHARE

As your organisation's representative you will join the conversations on the day to share experiences and take innovative ideas back to your team.

LEARN

Gain insights from expert speakers and hear about real time examples of this knowledge in action from across the ICB and beyond.

Who should attend? Places are limited for this exciting event therefore please register **NOW** to secure your place! This event is open to anyone working in Primary Care who is interested in hearing about innovative work going on elsewhere, sharing ideas and creating connections to build local networks. Attendance from a broad range of professions and roles is encouraged to nurture diverse thinking and discussion on the day.

29th February 2024
09:30 - 16:30
Lunch and Refreshments provided
