

# TARGET Antibiotics Training

## For Primary Care Professionals

Whether you're a GP, nurse, pharmacist, or any other healthcare professional, join us for an afternoon dedicated to antibiotic stewardship.

TARGET (Treating Antibiotics Responsibly, Guidance, Education and Tools) is a UKHSA led resource hosted by RCGP learning.

### Why attend?

- Understand the growing burden of antimicrobial resistance.
- Apply the latest guidance and recommendations to management.
- Discuss case conditions: Respiratory tract infections (adults and paediatric.)
- Understand when to use AMS strategies such as delayed antibiotic prescribing.
- Know where to signpost patients to resources for self-management of minor illness.
- Signpost to additional resources for professionals.

**Wednesday the 11<sup>th</sup> of  
February 2026**
